RE: LRB 1377/1 and LRB 0324/1, *extension of eligibility under the Medical Assistance program for postpartum women.*

The Heal Without Harm Coalition strongly urges co-sponsorship and support of LRB 1377 and LRB 0324, which require the Department of Health Services (DHS) to seek approval from the federal Department of Health and Human Services to extend Medical Assistance to one year for postpartum women.

As pro-life advocates, we strongly support the life and health of both mothers and their children.

This legislation provides continuity of vital healthcare to women during the critically important postpartum period and will strengthen families throughout Wisconsin.
